

Connected Dental

Portable Dental Clinic

Bringing Compassionate Dental Care to Your Community

Visit us at local community events for **convenient, high-quality dental** care in a comfortable, familiar setting.

We Bring the Clinic to You

Our team includes a **dentist**, **dental hygienist**, and dental assistant. We set up a fully functioning clinic using portable dental equipment—so you can receive care right where you are.

Accessible Care for Everyone

We accept all insurances and partner with **local organizations** to provide care for uninsured patients.

Our Approach: Minimally Invasive Dentistry (MID)

Minimally invasive dentistry (MID) takes a gentle, whole-health approach to dental care. The focus is on **preserving** as much healthy tooth structure as possible while addressing the root causes of dental problems through guidance on oral hygiene, nutrition, and preventive care. The goal is to reduce discomfort and support overall health and well being.

Our Services:

- ✓ Exams
- ✓ Cleanings
