

Connected Dental

Dr. Rayna Strong, DMD

On-Site School Dental Program

About Our Program

Connected Dental is a fully equipped **mobile dental clinic** providing comprehensive dental care directly on school campuses. Our licensed dental team brings all necessary equipment, sets up on-site, and restores the space after each visit.

Space Requirements

We can set up in a variety of indoor spaces, including:

- ✓ Classroom
- ✓ Gym
- ✓ Library
- ✓ Multipurpose or resource room

The selected space should include:

- ✓ 3-4 electrical outlets
- ✓ Nearby sink (in-room or close proximity)
- ✓ Restroom access nearby
- ✓ Garbage cans
- ✓ 2-3 tables
- ✓ 4-6 chairs
- ✓ Adequate space for equipment and safe student flow

Scheduling & Flow

- ✓ Student counts are finalized
- ✓ Visit dates and number of service days are confirmed
- ✓ We can maximize access by scheduling shared visit dates with other schools if less than 10 forms are turned in.

School Support Needed

Student Coordination

- ✎ A designated staff member to assist with bringing **students** to and from the dental room **OR**

A **list of classroom extension numbers** so our team can call teachers when students are ready

- ✎ **Sign up** a patient through our secure **online portal** using your email or smartphone

OR

Request PDF/paper forms and return forms to school. Scan and submit via the email below.

Important Dental Health Facts

- ✎ **1 in 7 children ages 6-12** is currently experiencing tooth pain
- ✎ **Over 51 million** school hours are lost each year due to poor dental health
